

CORPORATE BICYCLE SERVICING

pedaling to a healthier workplace

ABOUT PEDAL POWER GARAGE.

Pedal Power Garage is a fully stocked mobile bicycle workshop that has kept cyclists riding for almost 10 years! We offer mobile servicing to individuals as well as businesses and support some of Australia's biggest cycling events. All of our mechanics have years of experience in the cycling industry to ensure our customers are completely satisfied with our service. With full public liability insurance and WWC, Pedal Power Garage is a brand you can trust.

WHY CORPORATE BICYCLE SERVICING?

BENEFITS FOR THE BUILDING:

- Promotes cycling and a healthy lifestyle within the building.
- Encourage use of EOT facilities.
- Increased productivity.(studies show riding to work increases productivity and reduces sick days)
- Cycling is a zero emission form of transport, cycling just 10km each way to work instead of driving saves 1.3 tonnes of greenhouse gas emissions each year.
- Cycling saves money. It's cheaper than PT or driving. This allows people to spend the money they save at businesses within buildings they work in.

BENEFITS TO THE CYCLIST:

- A convenient in house service, saving tenants time using their lunch breaks or weekends to organise bike servicing/repairs.
- Specialist advice and information from our friendly team to keep riders in the know.
- Regular visits to maintain servicing needs.
- Hassle free booking system and payment options. (if parts needed on the day)
- Happy cyclist = happy workplace.

WHY CHOOSE US?

- We make corporate bike servicing simple, for both the building and the cyclist.
- We provide a personalised booking form for tenants to book their service.
- We make the building management/concierges job easy. All we need is the booking link shared to tenants, its that simple!
- We supply all tools, tables, cleaning items etc, we are fully self sufficient.
- We are fully insured, have working with children checks and our mechanics are industry qualified.

PRICING & SERVICE STRUCTURE.

We offer half day and full day servicing packages, we can do one-off days for occasions such as Ride 2 Work day, in house activation's and promotions. We also offer monthly, bi-monthly and quarterly servicing for clients. (at a discounted rate) The below rates include 1x mechanic as standard. See below for pricing:

WHAT OTHER SERVICES DO WE OFFER?

BIKE MAINTENANCE SESSIONS.

These sessions run from 30 mins to 1 hour and cover the basics of bike maintenance, giving tenants the skills, knowledge and confidence to conduct basic bike repairs on their own. Sessions cover: Flat tyre/ tube replacement, brake adjustments, gear adjustments, drivetrain cleaning and allow time for some Q and A. We can run several sessions in a day, this is a great value add to bike servicing days. Contact us for pricing.

CHARITY BICYCLE BUILDING.

Looking for a circuit breaker to get the team re-focused? Want to make a difference to young lives? Have you considered swapping the desk for spanners and bike tools? The BOX 2 BIKE Charity Bicycle Building program will leave you and your team re-freshed, re-energised and with a sense of purpose. This can all be achieved in as little as 1 HOUR. Contact us to find out more.
